The school continues to depend on State Funding to carry on its mission of providing the best in academics, leadership and athletics. Hopefully, going forward the school can receive more state funding, which would undoubtedly, have a positive impact on expanding on our new programs such as our new Aviation Program and Drone Programs. In order to provide these educational and leadership opportunities, it is imperative that we, as a school, continue to pursue increases in funding to thrive.

How have policy decisions and budget determinations made by the governor and legislature in the current fiscal year affected your agency in meeting desired accomplishments and services?

The University of Alabama is committed to providing opportunities of higher education at the best value possible, and it is only with the continuing support of appropriations that resident tuition was held flat again for FY20-21. This marks level tuition for three years in a row. Supplemental appropriations received in 2020 are designated for deferred maintenance for the Gorgas Library.

Decisions to allocate a portion of the Federal Coronavirus Relief Funds provided to the state of Alabama to institutions of higher education was a key component of weathering the financial hardships impacting higher education during the pandemic.

The University of Alabama implemented an online vendor management system that streamlines the process for vendor onboarding and protects UA from fraudulent activity related to vendor payments. The University continues to change processes to streamline operations and lower costs.

What administrative improvements did your agency make in the current fiscal year and what potential improvements do you for see for future years? Include suggested changes in legislation or administrative procedures which would aid your agency in these improvements.

Some suggested legislative changes that would aid the University include the adoption of the recommendations of the Government Procurement Committee, which include increasing the bid limit in Section 41-16-20 (a) to $50,000 to allow small purchases and increasing the bid limit in Section 39-2-2 (a) to $250,000 to allow small projects to be completed in a timely and cost-effective manner. Other procurement recommendations from the committee will also help UA improve efficiencies.

The University of Alabama in Huntsville is very appreciative of the Governor and the legislative for providing a 6.55% increase on the FY 2020 state appropriation O&M. This generous increase enable the University to pay for the annual operating expenses including fixed and mandatory costs increases and also enable the University to provide a 2% salary pool to our eligible faculty and staff. The University is also very appreciative of the 2 line items approved, the Climatology Program and the Redstone Research Retention Program. These two lines greatly enhanced the University research portfolio.

The University continues to streamline administrative business processes with the intention of cost savings and to reduce administrative red tape. As a higher educational institution, the University values student retention and have invested in adding tutors and academic advisors with the goal of increasing student retention, which ultimately leads to increasing graduation rate in the near future. The University hope the legislature to continue to fund and to support higher education in the future.

How have policy decisions and budget determinations made by the governor and legislature in the current fiscal year affected your agency in meeting desired accomplishments and services?

We were given the resources expected. Working with legislature and within policy our Administration was able to meet and handle most of the challenges that has come in this trying fiscal year.

We have made significant improvements with our Capital infrastructure, deferred maintenance and new construction. Enhanced technology with cutting edge fiber optics that has improved our University's efficiency throughout our Administrative and student communities. Also there were major distance learning enhancements.

What administrative improvements did your agency make in the current fiscal year and what potential improvements do you for see for future years? Include suggested changes in legislation or administrative procedures which would aid your agency in these improvements.

The allocation of increased levels of funding to the University would be most helpful.

The University continues to review all strategic initiatives specifically in relation to the funding available to implement them. The University has prioritized the initiatives and is addressing those for which funding is available. The University continues to address deferred maintenance issues however at times it appears that we are not in a position to financially catch up to the needs.

The University administration continues detailed program review to prioritize operations, reduce program budgets, and identify operational efficiencies. The University was fortunate that these reviews were underway when COVUID 19 struck and although the virus brought unforeseen challenges these reviews allowed the University to address the challenges in a more aggressive manner. As mentioned in previous submittals, an earlier notification from the Legislature of the amount of approved state appropriation would be helpful in planning for the upcoming fiscal year.

How have policy decisions and budget determinations made by the governor and legislature in the current fiscal year affected your agency in meeting desired accomplishments and services?

We recognize the difficult challenges faced by the Governor and Legislature in providing adequate funding to public education and to state agencies due to uncertainties in state revenue. During FY20, the University of South Alabama (USA) faced many challenges brought on by the COVID-19 pandemic. Despite the many setbacks, USA continues to accomplish its academic mission through effective financial management and without tuition increases. USA also operates an academic health system with a large Medicaid population. Inadequate Medicaid funding puts our health system at risk and makes it continually difficult to accomplish our health care mission. As part of the Health System, USA operates Childrenâ¿¿s and Womenâ¿¿s Hospital. The supplemental funding in the FY21 Medicaid budget is critical to ensure the stateâ¿¿s two childrenâ¿¿s hospitals received the maximum Federal Medical Assistance Percentage (FMAP) for hospital reimbursements.

What administrative improvements did your agency make in the current fiscal year and what potential improvements do you for see for future years? Include suggested changes in legislation or administrative procedures which would aid your agency in these improvements.

The University of South Alabama has always been financially sound. Our Board of Trustees understands that state appropriations can fluctuate and has always managed accordingly. The year 2020 brought unprecedented changes in the way we function, and higher education as a whole. Our administration made necessary financial and operational adjustments early on to navigate the ever changing landscape in which we operate. In addition, USAâ¿¿s health system has also faced unprecedented challenges in delivering patient care. While we continue to manage fluctuations in enrollment, revenue, patient care challenges, and potential operational losses due to COVID-19, continued federal and state support is needed to ensure we weather the COVID-19 pandemic.

Department: 513 - Troy University

Mission: Troy University is a public institution comprised of a network of campuses throughout Alabama worldwide. International in scope, Troy University provides a variety of educational programs at the undergraduate and graduate levels for a diverse student body in traditional, nontraditional, and emerging electronic formats. Academic programs are supported by a variety of student services which promote the welfare of the individual student. Troy University's dedicated faculty and staff promote discovery and exploration of knowledge and its application to life-long success through effective teaching, service, creative partnerships, scholarship and research.

Vision: Troy University will provide academic programs worldwide that incorporate both classroom and online delivery for traditional and adult students. How have policy decisions and budget determinations made by the governor and legislature in the current fiscal year affected your agency in meeting desired accomplishments and services?

AIDB currently has several vacant teaching positions in the childrenâ¿¿s program; Alabama School for the Blind, Alabama School for the Deaf and Helen Keller School. The Emergency certificate Extension/Act 2019-364 is a law that extends the emergency teaching certificates from one year to two years, with a one-time renewal, for a maximum possible validity of up to four years. This act is beneficial for teachers providing services in general education. The act does not address teachersâ¿¿ certified to provide special education services. With the current teacher shortage, all schools are challenged with meeting the needs of their students, this bill will assist with addressing the issue. As AIDB does not benefit from this Act, the organization is presented with challenges to secure qualified certified special education teachers to provide services for students who are deaf/hard-of-hearing, blind/visually impaired, or DeafBlind in the public school or multiple disabilities.

The Alabama Literacy Act addresses the reading proficiency of public school kindergarten to third grade students and ensures that those students are able to read at or above grade level by the end of the third grade by monitoring the progression of each student from one grade to another, in part, by his or her proficiency in reading.

AIDB outreach providers provide a plethora of services for students with sensory impairments throughout the state. In fiscal year 19, AIDB added a provider to address the needs of students who are deaf/hard of hearing. In addition to assisting students, the new provider is tasked with providing staff development for those who serve this population. As the Alabama Literacy Act is initiated, the Outreach Department will receive requests for assistance to address reading proficiency with students who are sensory impaired.

What administrative improvements did your agency make in the current fiscal year and what potential improvements do you for see for future years? Include suggested changes in legislation or administrative procedures which would aid your agency in these improvements.

In anticipation of the projected increase in requests of outreach services, AIDB plans to increase the Outreach staff.
