MEMORANDUM

TO: All General Fund and Education Trust Fund Transfer Agencies
FROM: Doryan Carlton, State Budget Officer
SUBJECT: FY 2024 Cash Drawdown Schedules

To assist the Department of Finance in allocating the anticipated General Fund (GF) and Education Trust Fund (ETF) dollars to agencies, a drawdown schedule is requested from those agencies receiving GF and ETF transfers into their agency's own fund accounts. Without this cash drawdown request, transfer agencies cannot receive the cash for their appropriations.

Prepare a list of anticipated expenditure amounts for the full twelve months of FY 2024 to be transferred once a month to your agency's fund on whichever **Wednesday** the money is needed. Please be reminded that the total funds requested on the drawdown schedule by quarter **must agree with the quarterly agency totals on the EBO Form 8.** In order to assist in the timely planning of GF and ETF cash releases, submit your drawdown schedule to the Executive Budget Office along with your agency's Operations Plan. **All submissions are due to the Executive Budget Office (EBO) no later than Monday, July 31, 2023.**

Please limit your requests to a minimum draw as needed to reserve enough operating funds for all agencies. If anticipated state revenues are insufficient to meet all weekly drawdown requests, you will be asked to revise your requests accordingly.

I. GENERAL PURPOSE AND LEGAL RESPONSIBILITIES

The purpose of the Operations Plan is to ensure that the objectives of the Legislature's appropriations are satisfied. The fulfillment of these intentions will be monitored by the preparation of quarterly budgets based on legislative appropriations. According to the Budget Management Act, [Section 41-19-1 et. seq., Code of Alabama 1975](#), the State Department of Finance will "review each Operations Plan to determine that it is consistent with policy decisions of the Governor and appropriations by the Legislature, that it reflects proper planning and efficient management methods, and that appropriations have been made for the planned purpose and will not be exhausted before the end of the fiscal year."

Each budget unit must prepare an Operations Plan showing expenditures for each quarter of the fiscal year. The Operations Plan will identify the personnel costs, employee benefits, travel, supplies, equipment purchases, etc. Expenditures, contracts, and purchase orders in any one object code may not exceed the total annual amount budgeted for that object, fund, and appropriation class. The plan must also identify the funding sources of each entity for the fiscal year. An Operations Plan for each function and appropriation class must be approved by the agency head and compiled into an agency Operations Plan representing the annual operating budget for FY2024 and entered in Performance Budgeting.

The Director of Finance will approve the Operations Plan if satisfied that it meets the above requirements. Otherwise, a revision of the plan in whole or in part will be required. The Director of Finance may also modify or withhold the planned expenditures at any time during the appropriation period if it is found that such expenditures are greater than necessary to execute programs at the level authorized by the Governor and the Legislature or that the revenues and resources will be insufficient to meet the authorized expenditure levels.

The Department of Finance will continue to allot funds according to the Operations Plan; therefore, special emphasis should be applied to the estimated quarterly allotment needs of each agency and appropriation class. A monthly Budget Management Report (AFIN-BUD-004) summarizing comparisons of actual and budgeted expenditures based on the Operations Plan will be available to the agencies in FY2024 and will be utilized by the Department of Finance as a means of monitoring agency expenditures. These reports can be found on the EBO website (www.budget.alabama.gov) by clicking on "reports" and selecting "Budget Management Report." Reports will be downloaded quarterly to the website.

II. CHANGES, HIGHLIGHTS, AND DEADLINES

1. **Due Date** – ALL agencies must electronically submit the FY2024 Operations Plan by **Monday, July 31, 2023** using the State of Alabama Accounting and Resource System (STAARS) Performance Budgeting application. There are no “manual agencies” for Performance Budgeting. All Agencies use the Performance Budgeting (PB) application. If your agency does not have access, please contact financialsystems@comptroller.alabama.gov or call (334) 353-9000 for access.
2. **General Fund (GF) and Education Trust Fund (ETF) Quarterly Distribution** – Agencies receiving either GF appropriations (Act 2023-382) or ETF appropriations (Act 2023-379) should distribute this funding equally across the four quarters or submit a letter of justification to the EBO stating the need to distribute funding unequally on the EBO Form 8. For all other requirements or restrictions, review all appropriation acts authorizing funding for your agency prior to completing your agency’s Operations Plan. 12-month Purchase Orders should also be distributed equally across the four quarters, regardless of the Source of Funds.
3. **Additional GF for Inflationary Increase** – Act 2023-382 authorizes an additional appropriation from the State General Fund for an inflationary increase in the same proportion as expenditures of agencies. Agencies with General Fund expenditures should contact their budget analyst in the Executive Budget Office to get pre-approval on additional funds. Agencies shall submit inflationary increases with their original Operations Plan.
4. **Additional GF for SEIB** – Act 2023-382 authorizes an additional appropriation from the State General Fund to assist with payment of SEIB rates for each full-time employee for fiscal year 2024. Agencies should refer to the Act when determining employee eligibility. The SEIB rate is increasing from \$930 in FY23 to \$977 in FY24, a difference of \$47 per member per month. The additional appropriation in Act 2023-382 is being made to assist with covering that \$47per member per month increase. Agencies with GF payrolls should contact their budget analyst in the Executive Budget Office to get pre-approval on additional funds. Agencies shall submit SEIB increases with their original Operations Plan.
5. **State Employees 2% Pay raise** – Act 2023-382 authorizes a 2% state employees Cost of Living Adjustment (COLA) for FY2024. The GF Appropriations Act 2023-382 provides for increased appropriation authority from the several fund accounts in the State Treasury in such amounts as may be necessary to pay for this COLA in addition to the amounts otherwise appropriated in the bill. Agencies with GF payrolls should contact their budget analyst in the Executive Budget Office to get pre-approval of additional GF appropriation. Agencies shall submit increases related to the COLA with their original Operations Plan.

Note: No Increase in ETF appropriation authority should be requested since additional appropriation was provided in ETF Appropriation Act 2023-379 to fund the 2% Education Employees COLA.
6. **Agencies with Non-Treasury Bank Accounts** – Executive Order No. 726 requires all state executive-branch agency public funds to be maintained in the State Treasury. Each state executive-branch agency that currently maintains public funds in a non-Treasury bank account shall transfer those funds to an account within the State Treasury by October 1, 2023. Agencies affected by this Executive Order should reference Section 9 of Act 2023-382 when including these additional appropriations.

7. **Coronavirus Aid, Relief and Economic Security Act (CARES Act), Families First Coronavirus Response Act, Coronavirus Preparedness and Response Supplemental Appropriations Act, Consolidated Appropriations Act, American Rescue Plan Act (ARPA), Elementary and Secondary School Emergency Relief Fund (ESSER) or Governor’s Emergency Education Relief Fund (GEERF II)** – Federal stimulus funds related to the coronavirus pandemic may only be included if the funds are provided for existing federal programs.
8. **Rollover Funds** – All agencies with General Fund, Education Trust Fund, and any other funds unexpended and unencumbered for the fiscal year ending September 30, 2023, will revert and can be reappropriated after October 1, 2023. Funds from the Children First Trust Fund are not covered by this section. Reversions that occur **during and after** the 2023 fiscal year’s 13th Accounting Period **cannot be reappropriated**. Additionally, reappropriations must occur to the same programs and/or earmarkings from which reversions occurred unless a program change has been approved. Agencies must contact their budget analyst in the Executive Budget Office to verify sufficient cash and to complete the necessary forms for the rollover before additional appropriation authority will be granted. All rollover funds will be handled as an Operations Plan Revision after October 1, 2023. **Do not** list this rollover on your original Operations Plan.
9. **Travel Mileage Rate** - Effective January 1, 2023, the mileage rate paid to persons traveling in privately owned vehicles on official business for the state will be 65.5 cents per mile. Mileage rates for calendar year 2024 will be posted on the Comptroller’s website (<https://comptroller.alabama.gov/mileage-rates/>) when released by the Internal Revenue Service.
10. **Travel Policies** – Effective July 1, 2018, both in-state and out-of-state travel policies have significant changes that affect reimbursement rates and that permit the head of an agency to approve certain travel expenditures. Per Act 2023-292, as an alternative to reimbursements provided above regarding in-state travel, persons traveling in the service of the state may be allowed all of their actual and necessary expenses in addition to the actual expenses for transportation. References are provided in the [Appendix](#) for a review of travel laws and policies to determine how changes may impact your budget and internal rules and procedures. Direct questions regarding travel policies and procedures to travel@comptroller.alabama.gov.
11. **Longevity Bonus** – No additional appropriation authority is provided for longevity increases. However, the [Code of Alabama 1975, Section 36-6-11](#), states that “each fiscal year in which an employee does not receive a cost of living increase in compensation, each per annum amount shall be increased by one hundred dollars (\$100) per year to a maximum amount of one thousand dollars (\$1,000) for 25 years of total service as long as the employee remains in service.” Budget sufficiently in first quarter for longevity paid in December.

Longevity Pay	
5 + years of service	\$600
10 + years of service	\$700
15 + years of service	\$800
20 + years of service	\$900
25 + years of service	\$1,000

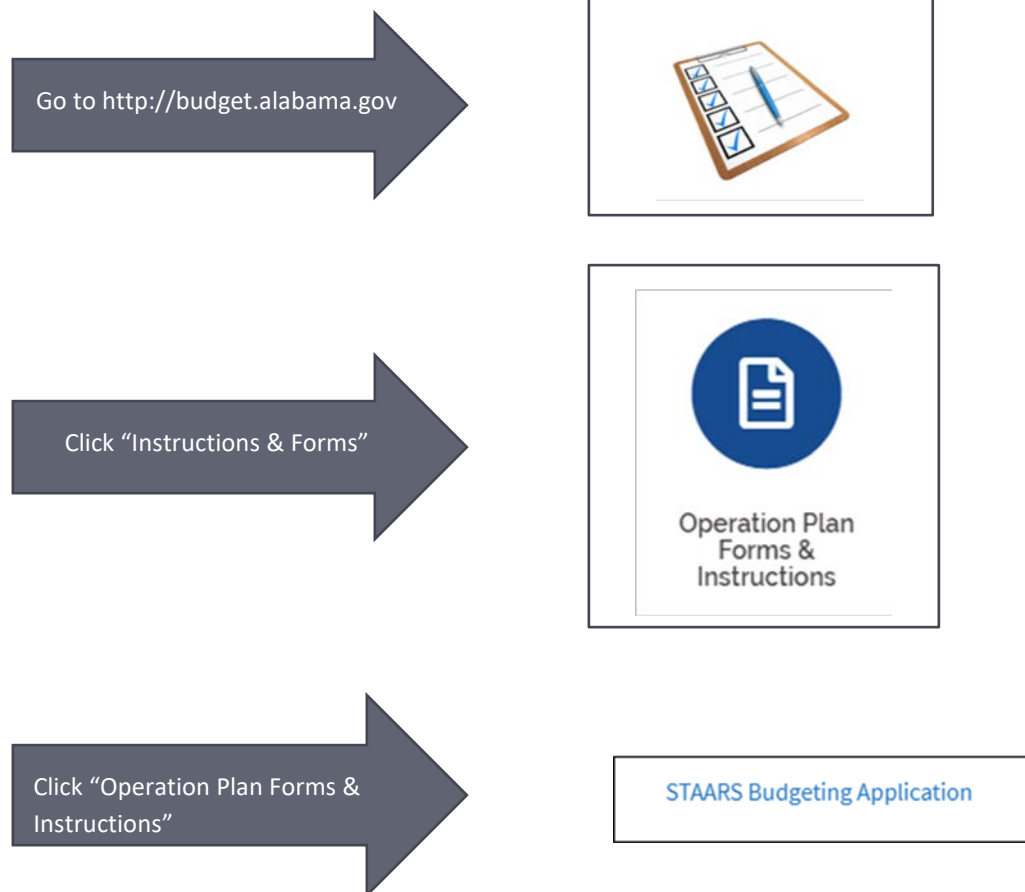

12. **Non-Overnight Per Diem** – The Internal Revenue Service determined that all non-overnight per diem payments are subject to FICA Tax (i.e. Social Security and Medicare). All employees subject to FICA Tax withholding will be charged for their own share based on non-overnight per diem payments. The agency is responsible for paying the matching employer share of FICA Tax on non-overnight per diem payments. Include enough budget in Employee Benefits to cover these additional expenses for the employer share.
13. **Comptroller Office Rates** – The Comptroller’s Office will be providing each agency with their billing amount for the 2024 Budget Fiscal Year. The 2024 annual billing amount is based on new rate calculations using the average of 2020-2022 STAARS transactions. Each agency should receive a memo from the Comptroller’s Office that includes the 2024 annual billing amount by July 31, 2023. If you need additional information, please contact the Comptroller’s Office at 334-242-7066.
14. **OIT Form 11** – The Office of Information Technology instructions and forms can be downloaded from EBO’s website at http://budget.alabama.gov/operations_plan_forms_instructions/. Billing rates are included in the [Appendix](#). Upon completion of the requested OIT information, email the form directly to infoOIT@oit.alabama.gov.
15. **State Business Systems Rates** – Calculate budget based on service rates and your agency’s projected transaction usage volume. The Schedule of Service Rates is provided in the [Appendix](#).
16. **EBO Staffing Plan Revisions** –STAARS Performance Budgeting application will automatically generate the EBO Form 9 staffing plan. However, if your agency makes corrections to the prepopulated data for salaries by keying directly on the lines in Form 8, the staffing plan will not be accurate. You will need to prepare a separate Form 9. Prepare the EBO Form 9 and attach it to the Document Management tab in STAARS. A copy of the form can be found on the EBO website (<http://budget.alabama.gov>). Go to Instructions & Forms > Operation Plan Forms & Instructions > Operations Plan Forms (EBO Forms 8, 9, 101). Operations Plan Revisions that affect Object Code 0100 will also require a revised Form 9.
17. **Quarterly Performance Reports** – Completion of a Quarterly Performance Report is required using the STAARS Performance Budgeting system. The initial submission, to include mission, vision, goals, and objectives is due July 31, 2023. Information and instructions for submittal are located on the Executive Budget Office website (<http://budget.alabama.gov>) under the “Instructions and Forms” menu. STAARS will also be used when submitting the Actuals for each quarter of FY2024 reporting periods.
18. **State Purchasing Rates for Alabama Buys System**– A billing plan has been established that will allocate the agencies share of software maintenance and support for FY2024 for Alabama Buys. The billing is based on the average number of procurement transactions over the previous two years and divided by the cost of maintenance and support. Each agency should receive a memo from State Purchasing which includes the FY2024 annual billing amount by June 15, 2023. If you need additional information, please contact State Purchasing at 334-242-7250.

19. **Appropriation requirements – Per Section 23, Act 2023-382** – All nongovernmental entities, identified by the Legislative Services Agency, which are allocated funds in Section 3 of Act 2023-382 shall file a report with the Chairs of the House Ways and Means – General Fund Committee, the Senate Committee on Finance and Taxation-General Fund, Finance Director, and the Legislative Fiscal Officer prior to the start of the 2024 Regular Session, regarding the proposed expenditures and usage of the funds appropriated in the fiscal year ending September 30, 2024. **Per Section 15, Act 2023-379** – All nongovernmental entities, identified by the Legislative Services Agency, which are allocated funds in Section 3 of Act 2023-379 shall file a report with the Chair of the House Ways and Means-Education Committee, the Chair of the Senate Committee on Finance and Taxation-Education, Finance Director, and the Deputy Director of the Legislative Services Agency-Fiscal Division regarding the proposed expenditures and usage of the funds appropriated in the fiscal year ending September 30, 2024. The Legislative Services Agency shall provide notice to the identified nongovernmental entities within 60 days following enactment of this act regarding reporting requirements and the methodology to submit reports and format to be used, which may include an online platform. In the event an entity was appropriated funds from the State General Fund or Education Trust Fund in the fiscal year ending September 30, 2023, the entity shall also include in its report a detailed breakdown of the expenditures and use of those funds, including an inventory of the services delivered and number of clients served, pursuant to guidelines established by the Legislative Services Agency.

III. SUBMISSION

1. **Approval of Operations Plan** – Electronically submit the Operations Plan for approval using the Performance Budgeting (PB) application.
2. **Access to Performance Budgeting (PB) on the Internet**- From the EBO home page, you may access the Performance Budgeting (PB) application to input data for your Operations Plan. Log in to the EBO website at <http://budget.alabama.gov>. Go to Instructions & Forms > Operation Plan Forms & Instructions > STAARS Operations Plan Manual for State Agencies. Find the STAARS Performance Budgeting Application link at the bottom of the next screen. At that same location will also be PB manuals and Excel® Forms 8 & 9 to save and use as work tools if needed.

Instead of starting at the Executive Budget Office’s website, you can either click the following link for direct access to PB, or copy and paste this link into your internet browser and save to favorites for future access: <https://budget.staars.alabama.gov>.

IV. DOCUMENT MANAGEMENT ATTACHMENTS

Attach supplementary information or source documents that support or provide evidence for spending authority by adding them to the Document Management tab using the Performance Budgeting application.

1. **FORM 9** – Agencies that elect to not use the Salaries and Benefits Forecasting System (SBFS) data will need to submit a separate Form 9 as an attachment in the Document Management tab in Performance Budgeting. An Excel form can be found on the EBO website for use as a template.
2. **Cash Drawdown Schedules** - Agencies receiving State General Fund or Education Trust Fund transfers into another fund account are required to submit a drawdown schedule to the EBO to actually receive the cash for their appropriations. List monthly transfer amounts on the Wednesday that it is needed, and include complete accounting codes. Quarterly totals **must equal** the quarterly GF or ETF agency total on EBO Form 8. Add the schedule as an attachment in the Document Management tab with other required documents. Without a requested drawdown schedule, transfer agencies cannot receive the cash for their appropriations.
3. **Program Changes** - If your appropriation on your Operations Plan differs from appropriations made by the legislature either in total or by program totals, you are required to submit a program change letter along with the Operations Plan. The letter should include a clear explanation of the change, the authority for the change, the appropriation class and fund names, and the amount. This letter must be addressed to and provide a signature line for the Governor. Without this approved letter, the EBO has no authority to approve your Operations Plan as submitted in the Performance Budgeting (PB) application if the program appropriations differ from legislative intent.
4. **Additional Appropriations** – Agencies that are increasing appropriation authority at the beginning of the fiscal year due to additional grant funding received by the Congress of the United States or from contributions must provide proof of additional funding to the EBO. These forms must be attached to the Document Management tab in Performance Budgeting.
5. **Quarterly Performance Report** – Agencies must submit their mission, vision, goals, and quarterly and/or annual targets **BEFORE** Operations Plans will be considered for approval. Go to www.budget.alabama.gov and select the link labeled "Instructions & Forms." Here you will be able to access the STAARS Budgeting Application on the "Operations Plan Forms & Instructions" page to submit the QPR data. Select "STAARS Budgeting Application" link at the bottom of that page to access the system. Download the QPR Instructions from the link "STAARS Quarterly Performance Application & Instructions" listed as a bullet under the State Agencies section of the page.

V. ORGANIZATION AND COMPLETION

A. ORGANIZING OPERATIONS PLAN DOCUMENTS

- STEP 1 The legislature appropriates funds at the program level. The agency head will allocate those appropriations to each function within the related appropriation class at the program level. Once the allocations have been made, prepare one Operations Plan Form 8 for each combination of a single fund, function, and appropriation class (and appropriation unit, if applicable).
- STEP 2 The Performance Budgeting application will automatically prepare the summary Operations Plan for each appropriation class and combine all functions and funds allocated to that appropriation class. This Operations Plan total must match the legislative appropriation for the program.
- STEP 3 The Operations Plan package should be submitted including the documents listed below that will be generated from InfoAdvantage. To access InfoAdvantage, go to the EBO website (www.budget.alabama.gov). Click the Instructions & Forms link > Operation Plan Forms & Instructions > STAARS InfoAdvantage Reporting.
1. Operations Plan EBO Form No. 8 - Agency Summary
 2. Operations Plan EBO Form No. 8 - Appropriation Class #1 Summary (if applicable)
 3. Operations Plan EBO Form No. 8 - Function #1 Summary
 4. Operations Plan EBO Form No. 8 - Function #1 Fund #1
 5. Operations Plan EBO Form No. 8 - Function #1 Fund #2
 6. Employee Staffing Plan - EBO Form No. 9
- STEP 4 Add all documents, including supplemental information, to the Document Management tab. Additional documents may include any of the following, if applicable:
- ✓ Cover Letter (including explanations or allotment justification)
 - ✓ Program change request letter
 - ✓ Cash Drawdown Schedule
 - ✓ Manually created Form 9 Staffing Plan
 - ✓ Appropriation Reconciliation for each program, by fund (if plan is different from appropriation)
 - ✓ Quarterly Performance Report

B. COMPLETING EBO FORM 8 OPERATIONS PLAN

1. **Performance Budgeting Application**- Detailed instructions on how to use the Performance Budgeting application can be found on the EBO website at www.budget.alabama.gov. Go to Instructions & Forms > Operation Plan Forms & Instructions > STAARS Operations Plan Manual for State Agencies. Print this document to use as a tool when entering your Operations Plan.
2. **Expense Objects**- Complete a budget for expense objects 0100 through 1600 for each budget function using the “Major Expenditure Object Codes” section as a guide.
3. **Source of Funds** - List the funds that will be used to pay for total expenditures for each quarter. Each Source of Funds shall be listed as a separate line. For example, if an additional appropriation from the same fund was received during the fiscal year, you should use the same fund number, but list it on a separate line as a *supplemental appropriation*.
4. **Conditional Appropriation**- **Do not list** any conditional appropriations unless the funding has been released.
5. **Federal Funds, Grants, and Other**- To prevent unnecessary revisions throughout the fiscal year, estimate federal funds and other receipts as accurately as possible, and provide proper documentation authorizing and evidencing the funding. Include and identify all legislative appropriations in addition to the General Fund and ETF, if applicable.
 - a. **Prior-Year Cash Balance Brought Forward** - For the few agencies authorized by law to carry funds forward, the Source of Funds section must also include the caption "Prior-Year Cash Balance Brought Forward," which consists of any unexpended prior-year appropriation which did not revert to the fund from which it was appropriated (This is a statutory provision for **specific agencies only** and is not the same as the funds commonly referred to as “Rollover Funds” discussed elsewhere in these instructions).
 - b. **Transfers Between Agencies** - Any agency expecting a transfer of funds from another agency should list the transfer as a separate source of funds. Show the amount of the transfer, the number of the fund TO which the money is being transferred, and the name of the agency FROM which the money is being transferred; e.g., 0399 - Transfer from the AL Dept of Economic and Community Affairs. If the fund number is not available in PB, contact your budget analyst for assistance.
 - c. **Transfers from State General Fund and Education Trust Fund** - Any agency receiving a transfer of funds from the State General Fund or Education Trust Fund should show the amount of the transfer, the number of the fund TO which the money is being transferred, and the name of the fund FROM which the money is being transferred; e.g., 0479 - State General Fund Transfer.
6. **Total Source of Funds** - An aggregate total of all sources of funds for each quarter. This total **must equal** Total Expenditures for each quarter.

C. COMPLETING EXPENDITURE OBJECT BUDGET LINES

The following summary of major expenditure objects are provided for the convenience of completing budget lines 0100 through 1600. They do not substitute or supersede the official chart of accounts published by the Comptroller Division of the Department of Finance. For full access to the official detailed descriptions of all Chart of Accounts, go to <https://comptroller.alabama.gov/chart-of-accounts/>.

If the October 1st payday is on a Saturday, Sunday, or holiday, payment will be made on the next workday. Budget the salaries and wages relating to personnel by each quarter as follows:

FY2024 PAY PERIOD BUDGET SCHEDULE		
To budget quarterly, multiply annual salary by each quarter’s pay period fraction.		
Quarters	Fiscal Months	Pay Periods
1 st Qtr	Oct-Dec	7/24

Per Act 2023-292, as an alternative to reimbursements provided above regarding in-state travel, persons traveling in the service of the state may be allowed all of their actual and necessary expenses in addition to the actual expenses for transportation. Effective January 1, 2023, the mileage reimbursement rate will be 65.5 cents per mile. Mileage rates for calendar year 2024 will be posted on the Comptroller’s website when released by the Internal Revenue Service (<https://comptroller.alabama.gov/mileage-rates>).

Refer to travel laws ([§36-7-20 through 36-7-25, Code of Alabama 1975](#)) and the State’s *Fiscal Policies and Procedures Manual* in Chapter 6-5F, (<https://comptroller.alabama.gov/fiscal-policy-procedures/>) to become familiar with details of all rates, restrictions, and requirements and understand how they could impact your travel budget. D. REVISING EBO FORM 8 OPERATIONS PLAN

All agencies are **required to use the STAARS Performance Budgeting application** to submit revisions to EBO for approval. Operations Plan revisions may be made in the current and remaining quarters only. No revisions are possible for prior quarters. A revised Operations Plan is necessary when you need to make changes to your Expense Object budget lines, quarterly allotment budget, or annual appropriation budget as follows:

- Adjustments from one Expense Object Code to another is necessary to meet unexpected obligations.
- Additional dollars are received during the fiscal year, which were not allotted and/or appropriated in the original Operations Plan (Form 101 required with Form 8).
- Additional allotment is needed in the current or a subsequent quarter above what was included in the original Operations Plan. The agency will need to submit a statement with the revision explaining why the advanced allotment is needed and that the agency will have enough budget to cover expenditures for the remainder of the year (Form 101 required with Form 8).
- A reduction in allotment and/or appropriation is necessary due to a projected shortfall in receipts or budget proration (Form 101 required with Form 8).
- A program, or appropriation unit, change is requested by the agency and approved by the Governor (Form 101 required with Form 8).

For assistance completing an Operations Plan Revision, please review the *STAARS Budgeting Manual for Revisions* located on the EBO website or contact your Budget Analyst. Instructions can be found at www.budget.alabama.gov. Go to Instructions & Forms > Operation Plan Forms & Instructions > STAARS Budgeting Manual for Revisions.

2. Fill in the fiscal year and name of the agency. Only one EBO Form No. 9 is required for the entire agency, even though it may be more than one page.
3. In the first columns, enter the class of all current employees and anticipated new hires.
4. In the next column, for each classification listed, enter the actual number of full-time employees (not vacant positions), on payroll as of October 1, 2023, the beginning of the new fiscal year. If these numbers are anticipated to change due to filling vacant or new positions, promotions, terminations, or other changes during the year, enter the new total for the related classifications under the second dated column, September 30, 2024, the end of the fiscal year.
5. The next two columns are labeled for any actual and anticipated part-time employees at the beginning and end of the year, respectively. Follow the same instructions for these columns. Use whole numbers, not fractional full-time equivalencies. Use extra pages as necessary and show totals on the last page.
